Quilting 102 Spring 2012

Time and Dates: Wednesday's 6:00 pm - 8:30 pm- 6 sessions starting March 7, 2012, ending April 11, 2012 The kit fee for this class is \$10.

Location: The Quilt Works 11117 Menaul Boulevard NE (Foothills Shopping Center -- Menaul and Juan Tabo)

This class is for the beginning quilter who has completed Quilting 101 or has requisite skills taught in that class. You will go beyond the basics when completing your project. You will be able to chose one of four quilt settings. The blocks that you will make focus on many of the basic shapes in quilting: squares, triangles, circles, stars. The instructor will supply the fabric and pattern for two skill builder blocks. You should know how to use your sewing machine to sew an accurate 1/4" seam. You should also know how to use a rotary cutter and ruler---and cut accurately. You will make the top in this class. This class does not teach machine quilting. You were introduced to the techniques of quilting and finishing in Quilting 101 and it is assumed that you possess this requisite skill.

You will not need to bring fabric to the first class. The kit fee for the fabrics used in the skill builder blocks is \$10. Bring your sewing machine and basic quilting supplies to the first class. Make sure your supplies are marked .

Requirements: You must have a sewing machine in good working order that you know how to use.

Optional text: Complete Guide to Quilting (Better Homes and Gardens Creative Collection) (Paperback-2003)

These are the basic sewing supplies that you need for this class:

Rotary Cutter----either 45 mm or 60 mm

Ruler- 6" x 12 " ---- Quilters Ruler

Thread----Piecing (100% Cotton ecru or very light grey) and Quilting (does not need to be 100% Cotton)

Needles----#80 or #90 Schmetz Microtex

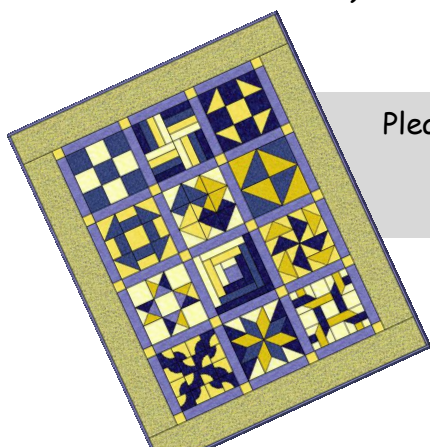

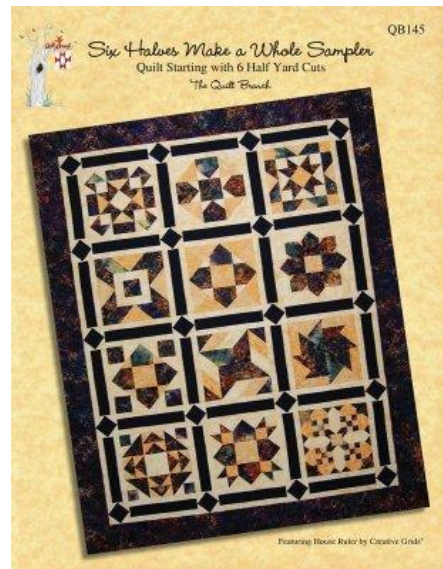

Pins---- 1-7/8" Chrystal Glass Head Pins

Pin Cushion---Tomato or Magnetic

5" Craft Scissors

1/4" foot for your sewing machine

Optional: The Angler 2™ (The Angler 2™ is a quilter's tool that goes directly on your sewing machine bed. It works best when used with the sewing machine bed extension table. It does not work well with the narrow arm alone.)
